@CassandraB I'm basically trying to be as inclusive-by-default as possible here. Open to all suggestions. :)

[View conversation](#)**Aaminah/Jay** @jaythenerdki

15 Jul

@CassandraB Like, what I'm asking is, would they prefer "romantic minority" instead? Is that better/worse?

[View conversation](#)**Aaminah/Jay** @jaythenerdki

15 Jul

@CassandraB I have a friend who's asexual homoromantic, so I was aware of that. Is it still cool to refer to them as a sexual minority?

[View conversation](#)**Aaminah/Jay** @jaythenerdki

15 Jul

@SuperJaneEyre Yup. You're not "trans enough" unless you fit a specific (cis-generated) definition of what "trans" is.

[View conversation](#)**Aaminah/Jay** @jaythenerdki

15 Jul

@halfabear The whole "you're on benefits, you don't deserve [x]" thing? Urgh. Classist as fuck.

[View conversation](#)**Aaminah/Jay** @jaythenerdki

15 Jul

@SuperJaneEyre The whole "all trans people are either pre-op or post-op" thing is a pretty hurtful myth, IMO.

[View conversation](#)**Aaminah/Jay** @jaythenerdki

15 Jul

@SuperJaneEyre And they're not any less man or woman because of it - it's just that that's what they're comfortable with.

[View conversation](#)**Aaminah/Jay** @jaythenerdki

15 Jul

@SuperJaneEyre I have genderqueer/genderfluid friends for whom that genitalia is still a part of their identity as a sexual being.

[View conversation](#)**Aaminah/Jay** @jaythenerdki

15 Jul

@SuperJaneEyre LOL, nice one. XD Also, the idea that all trans people should even want to "fix" their genitals is so problematic too.

[View conversation](#)**Aaminah/Jay** @jaythenerdki

15 Jul

Hey, y'all what about that suggestion? GSRM instead of GSM - Gender/Sexual/Romantic Minorities. More inclusive of romantic asexuals etc. ???

[Expand](#)**Aaminah/Jay** @jaythenerdki

15 Jul

@flyingparchment Oooh, that's another great suggestion! "Gender/Sexual/Romantic Minorities" does cover a lot of bases. :)

[View conversation](#)**River Tarnell** @flyingparchment

@jaythenerdki GSRM seems to be gaining some support (R = romantic). More inclusive of e.g. asexual or heterosexual / biromantic.

[View conversation](#)
-  **Aaminah/Jay** @jaythenerdki 15 Jul
@SuperJaneEyre The narratives about trans sexuality are so incredibly dehumanising. Trans folks are either fetishised or reviled or both.
[View conversation](#)
-  **Aaminah/Jay** @jaythenerdki 15 Jul
@SuperJaneEyre Yup. And if a black trans woman IS "attractive enough", she's an evil succubus tricking you into sleeping with her. Urgh.

There's room for all of us. Spaces should be inclusive by default, not exclusive with barriers to entry.

[Expand](#)**Aaminah/Jay** @jaythenerdki
